DETAILED ACTION

1. Claims 1-73 have been examined.

Information Disclosure Statement

2. The information disclosure statements (IDS) submitted on 7/21/06 and 10/20/06 are being considered by the examiner.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. Claims 47-65 rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claims 47-65 claim a program for validation of event-ordering certificates. Although the claims involve use of computer and physical devices, the program itself may be considered to be abstract object and thus non-statutory.

Conclusion
